

Bravo Sign & Design Builds Monument Signage

For over 24 years, Bravo Sign & Design has been providing Sign Design & Build Services to the top architects; agencies, property managers, builders and contractors, and we have the experience & references to go with it.

We hold an active California General Engineering (A) license as well as a Sign Installation Contractors license. This allows us to handle all the trades involved to complete your project successfully- with one qualified contractor. We are also bondable on all our projects for your security if required.

Let us work with you to provide a Sign Program or bid that is complete, per plans and specifications. In many cases we can provide “turnkey” quotes to construct your entire project.

Bravo Sign & Design is a full-service sign company designing, building and installing everything from major monument signs and entryways to "quick signs" and graphics. We are licensed Sign Installation Contractors, as well as General Engineering Contractors. This has given us the experience to develop the most complex signs and architectural elements, as well as handle the site work & sub-contractors, including landscape, irrigation & electrical as needed.

Our team at Bravo Sign & Design is made up of an Administration staff for contract files, Sales and Estimating Department, Graphic Art Department, Purchasing, Production Management, Fabrication and Installation Crews. Between us, we bring over 150 years of Sign Experience. Our staff of Sign Professionals is prepared to answer any sign and graphic question you may have.

At Bravo Sign and Design we specialize in design & building the following:

- **Architectural Monument Signs**
- **Entry Monument Monument Signs**
- **City Entry Monument Signs**

- **Concrete Monument Signs**
- **Precast Signs**
- **Stone, Granite, Marble, Tile Signs**
- **Interpretive Signs**
- **Wayfinding Signage**
- **Cor-ten Steel Signs**
- **Dimensional Signs**
- **Sign Letters**
- **Business Signs**
- **Bronze, Aluminum, Granite Plaques**

Let our experience work for you on your next sign project.

We can be reached at **714-284-0500**

We look forward to hearing from you to discuss all of your sign requirements.

Thank you for the time taken to review our information.
